

Ichneumonidae (Hymenoptera) new for the fauna of Norway

Matthias Riedel, Lars Ove Hansen & Øistein Berg

Riedel, M., Hansen, L. O. & Berg, Ø. 2000. Ichneumonidae (Hymenoptera) new for the fauna of Norway. *Norw. J. Entomol.* 47, 163–176.

In this faunistic survey we give distributional records for 169 species of parasitoid wasps of the family Ichneumonidae (Hymenoptera) which are new for the fauna of Norway. Fifteen of them have not been reported from Scandinavia before.

Key words: Ichneumonidae, Hymenoptera, fauna of Norway.
