

***Aspistes berolinensis* Meigen, 1818
(Diptera, Scatopsidae) rediscovered in
Norway**

Lars Ove Hansen

Hansen, L.O. 2003. *Aspistes berolinensis* Meigen, 1818 (Diptera, Scatopsidae) rediscovered in Norway. Norw. J. Entomol. 50, 130.

A new record of *Aspistes berolinensis* Meigen, 1818 is reported from Norway. A ♀ was captured in a malaise-trap at Ørekroken on the island Kirkøy (Ø Hvaler), in 2003. This species is previously recorded once in Norway, from HES Elverum: Grundset in 1870. Both records are from sandy areas, which is in accordance with the known biology of the species.

Key words: *Aspistes berolinensis*, Diptera, Scatopsidae, Norway, sandy areas.
